Announcement 2490

Attention All Providers:

Submitting Secondary Claims Trainings Scheduled in 2021

All providers are invited to attend the Submitting Secondary Claims to Nevada Medicaid training sessions, which are offered each month and are open to all provider types. The workshops include step-by-step instructions on how to properly fill out specific steps in the claim submission process, Medicare Crossovers and Other Insurance (TPL). Separate sessions will be held for providers who submit Professional Claims (CMS-1500) and Institutional Claims (UB-04).

Please be advised that these sessions are for general information only and will **not** cover the entire claims submission process, but will cover only fields that pertain to Medicare Crossovers and claims with Other Insurance. Providers who would like more information regarding the claim submission process are encouraged to review [Chapter 3: Claims](#) of the Electronic Verification System (EVS) User Manual.

The Provider Training team will **not** be able to review individual claims or claim examples during these sessions.

Please visit the [2021 Provider Training Registration Website](#) to register for one of the following virtual workshop sessions:
